
Biosolids subtree
Labels from USGS water that are in Biosolids
True
False
Sulfones
Thiocarbamic acid derivatives
Homogeneous metalloid compounds
Other non−metal sulfides
N,N−dialkyl−m−toluamides
Dinitrotoluenes
Dichlorobenzenes
Phenyl phenylphosphonothioates
Trifluoromethylbenzenes
Dimethoxybenzenes
Phenylpropanes
Benzyloxycarbonyls
Dinitroanilines and derivatives
Styrenes
Nitrobenzenesulfonamides
Phenylbutylamines
Meta cresols
Para cresols
Ortho cresols
Nitrophenols
Anisoles
Phenylpyridines
Isoindolones
Benzimidazoles
Benzodioxoles
Phenothiazines
Dibenzothiophenes
1,4−dioxanes
Oxanes
Tetrahydrofurans
Azobenzenes
Benzotriazine organothiophosphates
Quinoline carboxylic acids
Imidazoles
Phenylpyrazoles
Triazinones
1,3,5−triazines
Acylsalicylic acids
Salicylic acids
Benzoic acids
Aminobenzoic acids
Homogeneous halogens
Homogeneous other non−metal compounds
Non−metal sulfates
Other non−metal nitrides
Homogeneous alkali metal compounds
Homogeneous transition metal compounds
Homogeneous post−transition metal compounds
Homogeneous alkaline earth metal compounds
Homogeneous lanthanide compounds
Alkaloids
Alkanes
Miscellaneous mixed metal/non−metals
